

## Earplug Refill Bag

HEU649

### Features and Benefits

- The ergonomically shaped MaxiPlug disposable earplug is characterised by very high sound absorption levels, making it suitable for use in very loud environments
- The MaxiPlug foam earplug has a sealed surface, preventing foreign bodies from penetrating the plug. The soft foam offers real comfort, even when worn for extended periods
- Class 5 protection with SLC<sub>80</sub> rating of 26dB
- Tapered design for easy fit
- Soft polyurethane for maximum comfort
- Pairs packaged in individual bags
- 300 pairs per bag
- AS/NZS 1270:2002 compliant
- HED653 - Wall mountable or stands as a table top dispenser - Suits refill bags of 300 pairs
- HED653 - Twist knob to dispense earplugs

### Applications

- Agriculture and Forestry
- Chemical
- Construction
- Fire Protection
- Manufacturing
- Medical
- Military
- Mining
- Municipal Services
- Oil and Gases
- Steel and Metals
- Transportation
- Welding

### Product Specifications

Product Code	Description	Qty	Barcode
HEU649	Maxiplug Earplug Refill Bag	300 Pairs	9421022719915
HED653	Maxiplug Earplug Dispenser	1	

HED653 Maxiplug Earplug Dispenser

### Fitting Instructions

1. Before using ear plugs, ensure hands are clean. Roll ear plugs between fingers to compact foam.
2. Pull top of ear up and out while inserting earplug. This straightens out the ear canal. Insert ear plug as far as possible into the ear canal. Hold for approx 60 seconds to allow foam to expand.
- 3&4. When ear plugs are inserted correctly the top of the ear plug should be as per fig 4. To test fit cup both hands over your ears. When you pull them away you should notice a significant difference in noise levels. If unsure consult your safety officer.
